Bike Path MEP 126 0-000-000.126☐

I did not perform any inspection this day. However, on March 29, 2013, Rick Clarborne informed me that his crew, in addition to Paul Sorbine and Eric Smarts (names not in PMIV) would continue welding PS-3s to the cantilever beam of the bike path. On 4/2/2013, Rick Clarborne informed me that his crew only worked on this operation from 0700 to 1000.
